1871.

NEW LONDON, N. H., May 18, 1871.

Dear Sir: Last July a young friend sent me a paper from Providence, in which I saw your advertisement of Dr. Bullock's Kidney Remedy, Nephreticum. Having been a sufferer for many years from some of the diseases which it described, and after I had read it carefully and examined the testimonials, I had faith to try it. I accordingly sent to one of my children in Boston to send me a bottle, and before I had used it all I was a great deal better. I had not been able to walk on the ground any distance for years, nor to ride, for the jar of the wagon made me feel so faint, and for years I have not been able to turn myself in bed without a great effort. I am 74 years old, and never expected to get any better; but now, after using six bottles of Nephreticum, I can walk and ride with ease, and certainly have never rested so quietly in my life at night as I had lately, being entirely free from pain of any kind. My friends think it a miracle, for I have been under the treatment of so many physicians, and never with any permanent relief, that I had lost all hope, and I hope I do feel thankful that, in the Providence of God, I have got relief from my sufferings. I have bought a great deal of your medicine, and given it to afflicted friends, and always with the same result as in my own case; and I have felt it my duty to write to you and tell you how much good I have received from its use, and you may always use my name in any way you wish in order that other folks may know of its merits, and I would advise everybody to give it a trial, especially every aged person, feeling sure that it will not fail to help them, for I think that I feel myself 20 years younger from its use.

Yours respectfully,

MRS. NANCY C. CRAFT.

1881.

NEW LONDON, N. H., March 11, 1881.

Dear Sir: It is nearly 11 years since I first commenced to use Dr. Bullock's Kidney Remedy, Nephreticum, and I have not had a doctor in all that time. I feel that I have great reason to bless God for His goodness in granting me the privilege of being made acquainted with so valuable a medicine. I am now 84 years of age, and my general health was never so good as it has been since I commenced the use of Nephreticum. Yours respectfully,

MRS. NANCY C. CRAFT.

HILLSBOROUGH BRIDGE, N. H., Oct. 8, 1879.

Dear Sir: Within the past three years I have sold over four hundred bottles of Dr. Bullock's Kidney Remedy, Nephreticum, and have received many recommendations from my customers, especially from ladies, who often remark that they think it the best medicine in the world. I have used it in my own family, and recommend it to my friends, and always with the most gratifying results.

YOUNG MEN AND WOMEN STARTING IN LIFE,

Will find, in these days of large enterprise, that those only are successful who are well prepared, and that without a sound, thorough, and practical

Business Education

They stand little chance of obtaining any desirable position.

A good and rapid hand-writing, aptness and accuracy at business arithmetic, a practical knowledge of book-keeping, the ability to compose a good business letter, and a practical knowledge of business papers and customs, are as necessary to those who expect success, reputation, and fortune in the **BUSINESS WORLD**, as are the advantages of the university to those who aspire to literary or professional fame. A course of practical study at

FRENCH'S BUSINESS COLLEGE, 459 WASHINGTON STREET, BOSTON,

Will yield a better return than the cost of tuition invested in any other way can. It provides a CAPITAL better than money, and qualifies the faithful student for many positions of honor and profit.

No institution of the kind in the United States, provides more ample and valuable facilities. It is the oldest in Boston, and has always been a favorite institution with the business community. Its graduates are occupying situations in the best mercantile houses, banks, insurance companies, brokers' offices, and manufactories throughout this country, as well as in many foreign offices. If you aspire to a successful business life, acquire this education.

Students are received at any time, and are given individual instruction, and enjoy all the advantages of our thoroughly practical system, by means of our **ACTUAL BUSINESS** transactions with the various houses throughout the United States, with which we are in communication. Send for circular.

Consumption, that demon and scourge of our land
Before his Cough Balsam relaxes its hand,

NEW HAMPSHIRE FIRE † INSURANCE † COMPANY,

MANCHESTER, N. H.

CHARTERED, 1869.

PAID-UP CASH CAPITAL, \$250,000. CASH ASSETS, \$585,334.30.

FIRST AND ONLY STOCK INSURANCE COMPANY

IN THE STATE.

This company was organized by the leading business men of New Hampshire, and emphatically possesses the elements of solidity, economy, success, and permanency. The names of the officers and directors are as familiar as household words, and a voucher for the prudent management and integrity of the corporation.

SAFE RISKS WIDELY SCATTERED.

We stick to the text, "*small risks well scattered*," and our agents and the public may rest assured that no conflagration or sweeping fire can affect the solvency or cripple the resources of this corporation.

UNPRECEDENTED SUCCESS.

Over **One Hundred Thousand Policies** have been issued during the eleven years, and Fifteen Hundred Losses by Fire have been honorably and promptly paid, and only four claims reached a jury trial.

With the gradual increase of patronage and confidence, the distinguishing features of the Company become more prominent, and well worthy of more extended mention. The same liability, or ratio of assets to liabilities; the small per centage of expenses and losses; the prompt payment and small sum of unpaid losses; clean, cash assets of \$585,000, invested in undoubted and interest-paying securities (the interest account has paid all dividends); the wide reputation of the officers and directors for probity, ability and success; the safe and conservative policy—are all elements of strength, soundness, security and stability. With such appeals to the prudent property owners, we solicit risks on the *good productive property, at adequate rates.*

HAZARDOUS BUSINESS.

Since this company was organized, over forty stock Fire Insurance companies of other states have failed or ceased to do business in New Hampshire; and most of the state Mutual companies have wound up by reason of the numerous fires.

This Company holds as trust funds every dollar received for premiums, to secure policy holders, less losses and expenses. Dividends paid only from interest receipts.

DIRECTORS.
